Blueprint Downtown Steering Committee Appointments

Planning Commission Meeting October 30, 2018

Emerging Themes

- · Traffic, Transit, and Parking
- · Business Vitality and Wellbeing
- · Residential Neighborhoods
- · Bicycles and Pedestrians
- · Design/Identity/Culture/Placemaking
- Family Friendly, Recreation, Open Space
- Downtown Housing
- Carrying Capacity and Seasonal Visitation

The steering committee recommendation was difficult. There were 24 strong applicants. Staff began with a provisional number of 11 spaces to fill based on previous steering committee policy established with the Lemon Creek Plan. To attempt to provide a committee that adequately covered the diverse range of issues and neighborhoods 13 committee members have been recommended.

Staff is also conscious of trying to keep a manageable number to keep the decision making body effective. Staff would like to thanks all those who have applied and have encouraged anybody not selected to participate in the planning process. They can still have voices but would not be part of the formal voting process.

The review tried to match applicants stated interests with themes addressed at the kick-off meeting. These broad themes have been validated based on the initial survey feedback received from the public.

Recommended Steering Committee Members

13 Recommended Members:

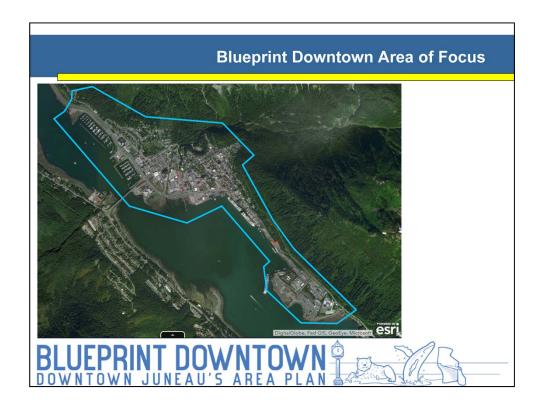

- 1. Betsy Brenneman 8. Karena Perry
- 2. Kirby Day 9. Jill Ramiel
- 3. Daniel Glidman 10. Meilani Schivens

 Updated - October 12, 2018.pdf

BLUEPRINT DOWNTOWN
DOWNTOWN JUNEAU'S AREA PLAN

As a reminder the area included in the plan is wide from the Rock Dump to Norway Point.

Attempts were made to get some residential representation from the subneighborhoods in downtown through residents, business operators or property owners.

Next Public Meeting

Tuesday, October 30th 6:30 to 8:30 p.m.
Elizabeth Peratrovich Hall 320 W. Willoughby Avenue
