5. Transfers

- a. T-1004 - Transfer Request of \$160,000 from the Pavement Management Capital Improvement Project to the Industrial Boulevard Match Capital Improvement Project.

This is a transfer request of \$160,000 from the Pavement Management CIP to the Industrial Boulevard Match CIP to provide additional funding

for the Alaska Department of Transportation and Public Facilities' (ADOT) Industrial Boulevard Reconstruction Project.

The Industrial Boulevard reconstruction project was funded in ADOT's Statewide Transportation Improvement Plan (STIP) a number of years ago with the CBJ committing to providing 25% match. ADOT has committed to bidding the project this fall for construction of the project during the 2019 construction season. CBJ is required to pay ADOT the 25% match for construction and contingency, which totals \$1.3 million, in advance of ADOT bidding the project. This transfer of \$160,000 is required to provide adequate funding in the CIP to allow the CBJ to make this payment.

The Public Works and Facilities Committee reviewed this transfer at its July 9, 2018, regular meeting.

The City Manager recommends this transfer be approved.

VIIIPUBLIC HEARING

- A. Ordinance 2017-06(AV) An Ordinance Appropriating to the Manager the Sum of \$9,387 as Partial Funding for the Industrial Boulevard Capital Improvement Project; Funding Provided by the State of Alaska Department of Transportation.

The State of Alaska, Department of Transportation and Public Facilities (ADOT) has refunded \$9,387.37 to the City & Borough of Juneau (CBJ) for matching funds attributed to the ADOT reconstruction of Riverside Drive. The CIP was included in the CBJ's FY13 CIP program, and eventually closed out in FY16.

The refunded amount was originally made available with sales tax funding, and will now be added to the Industrial Boulevard CIP.

This item was heard by the Public Works and Facilities Committee at its regular meeting on August 6, 2018.

The City Manager recommends this ordinance be adopted.

The grant funds are not available for appropriation; the City Manager recommends tabling this ordinance at this time. When grant funding is available, the issue will be brought forward. Given that the funding is not available, this ordinance cannot be acted upon at this time.

The City Manager recommends that this item be pulled from public hearing.

Item removed from the agenda at the beginning of the meeting at the request of City Manager Rorie Watt.

- C. Ordinance 2018-11(E) An Ordinance Appropriating to the Manager the Sum of \$2,245,538 as Funding for various Capital Improvement Projects at the Juneau International Airport; Funding Provided by Passenger Facility Charge Fees.

This ordinance would appropriate \$2,245,538 to various Airport capital improvement projects (CIPs). These funds will reimburse amounts that were forward-funded from the Airport Fund Balance and Airport revolving CIP accounts, and will also provide new match for grants.

Funding is provided by FY18 & FY19 Passenger Facility Charge (PFC9) collections, for the following CIPs:

Conduct Master Plan Study	\$ 61,227
Rehabilitate Taxiways A & E (Design and Construction)	\$1,125,000

The Airport Board approved this action at its March 13, 2018, meeting. The Assembly approved forward funding this project in the amount of \$1,801,875 via Ordinance 2017-06(AJ) at its meeting on April 4, 2018. If the Assembly adopts Ordinance 2018-11(F), the forward funding of \$1,801,875 will be refunded to the Airport Fund's fund balance.

The City Manager recommends this ordinance be adopted.

Public Comment:

None.

Assembly Action:

MOTION by Mr. Jones to adopt Ordinance 2018-11(F) and asked for unanimous consent.

Mr. Kiehl said that he understands the ordinance provides for funding of the CIP but asked how any remaining funds get placed back into the appropriate fund balance and if that had to be done by a separate appropriating ordinance. Mr. Bartholomew explained that any funds in excess of the project costs would automatically revert back to the fund balance from which it originated without having to go through an appropriating ordinance adoption.

Hearing no objection, the motion passed.

- E. Ordinance 2018-11(G)(b) An Ordinance Appropriating to the Manager the Sum of \$361,000 as Supplemental Funding for Capital City Fire & Rescue; Funding Provided by General Fund's Fund Balance.

This supplemental appropriation of \$361,000 provides funding to support an immediate need to add additional staffing to Capital City Fire & Rescue (CCFR) operations. The additional staffing is being added for the purpose of providing expanded EMS service and fire response readiness.

This ordinance will appropriate the funds needed to pay for the additional personnel costs within CCFR. The funds will come from the general fund's fund balance.

This issue was discussed with the Committee of the Whole (COW) at its July 11, 2018, meeting. The COW directed staff to prepare an appropriating ordinance and move it to the full Assembly for introduction and public hearing.

At the Assembly meeting held on July 23, 2018, the Assembly referred the ordinance to the Assembly Finance Committee (AFC) for review at its meeting on August 8, 2018.

The City Manager recommends this ordinance be adopted.

Public Comment:

Laurie Craig spoke in support of the ordinance and shared instances out at the Mendenhall Glacier (as pictured behind the Assembly) when first responders came and provided life saving measures. She recounted many of the rescues as well as the educational opportunities that they conducted.

Travis Wolfe, president of the Local 4303 Firefighters union in town, thanked the Assembly and staff for the support they've shown to the Fire Department. The Planning Commission considered the ordinance at its meeting on June 26, 2018, recommending it be forwarded to the Assembly with one substantive change: to require the release of the financial warranty relating to mining exploration to occur within six months. That change is shown by strikethroughs and italics.

The City Manager recommends this ordinance be adopted.

Public Comment:

None.

-
Assembly Action:

After a lengthy committee process, on April 16, 2018, the Assembly Committee of the Whole chose the Alaska Legacy Partners (ALP) proposal. ALP proposes to purchase the property and redevelop it into a senior assisted living facility; this ordinance requires development that conforms with ALP's proposal.

The City Manager recommends this ordinance be adopted.

Public Comment:

Kathleen Strasbaugh testified in support of adoption of Ordinance 2018-42. She was speaking on her own behalf and not as a representative of any group that she is affiliated with.

H. Resolution 2824(b) A Resolution Calling for an Advisory Ballot Proposition on City and Borough Financial Support for Improving and Expanding Access for all

Juneau Families to Affordable High Quality Child Care and Early Learning/Pre-school.

This resolution places before the voters of Juneau, on October 2, 2018, an advisory question regarding CBJ providing financial support for improving and expanding access for all Juneau families to affordable high quality child care and early learning/pre-school. This is a non-binding measure.

This effort is expected to cost up to \$2.8 million of CBJ funding in the fifth year when the program is fully implemented, thereafter adjusted for inflation annually. In accordance with the taxable value in the CBJ in 2018, a \$2.8 million expenditure would ultimately require the equivalent of 0.58 mill rate increase, resulting in a property tax increase of \$58 for each \$100,000 of assessed property value.

The Assembly Finance Committee discussed this resolution at its July 25, 2018, meeting.

Whether to place this on the ballot or not is a policy question for the Assembly. The City Manager has no recommendation at this time.

Public Comment:

The following members of the public testified in favor of passage of the resolution giving a variety of reasons and statistics in support of the "Best Starts" program.

Samantha Adams, Sara Chapman and Mark Calvin and their young son Christopher, Joy Lyons, Kevin Ritchie, LuAnn McVey.

Assembly Action:

MOTION by Mr. Edwardson to adopt Resolution 2824(b) and asked for unanimous consent.

Objection was noted.

Assemblymembers debated the pros and cons of this proposal including the beneficial impact it will have on families and the economy of the community as well as the financial considerations and expressed concerns on how it would impact future CBJ budgets and the taxpayers.

Mayor Koelsch reminded members that even though the membership of the Assembly is now down to seven members, it still requires a vote of five members in the affirmative to pass a motion.

ROLL CALL VOTE:

Ayes: Edwardson, Gladziszewski, Jones, and Kiehl

Nays: Becker, Nankervis, and Koelsch

Motion failed 4:3

Ms. Gladziszewski gave notice of reconsideration on the previous motion stating that she did not intend to take up reconsideration at this meeting.

IX. UNFINISHED BUSINESS

None.

X. NEW BUSINESS**A. Tom Williams vs. Airport Board - Appeal #2018-04**

On July 30, 2018, the Clerk's office received an appeal of the Airport Board's decision regarding the Terminal Reconstruction Phase II project.

In accordance with the Appeals Code, the Assembly must decide whether to accept or reject the appeal. If you determine, after liberally construing the notice of appeal in order to preserve the rights of the appellant, that there has been a failure to comply with the appellate rules, or if the notice of appeal does not state grounds upon which any of the relief requested may be granted, you may reject the appeal.

If the appeal is accepted, you must decide whether the Assembly will hear the appeal itself or if it will assign the appeal to a hearing officer. If you decide to hear the appeal yourselves, a presiding officer should be appointed.

In hearing an appeal, the Assembly sits in its quasi-judicial capacity and must avoid discussing the case outside of the hearing process. (See CBJ 01.50.230, Impartiality.)

As this is a quasi-judicial matter, the City Manager makes no recommendation.

Ms. Mead explained that the Clerk's office received an appeal on July 30 which is appealing the Airport Board's decision regarding the Terminal Reconstruction Project Phase II. She directed members to packet page 162 which contained the motion made by the Airport which is the subject of this appeal. Ms. Mead summarized the options before the Assembly as outlined in the Manager's Report.

She also pointed the members to the CBJ Appeals Code Section 01.50.020 which provides that only final action of a decision making body may be appealed to the Assembly.

Mr. Nankervis asked if there has been any appealable action taken by the Airport Board. Ms. Mead said in reviewing the Notice of Appeal, she did not see anything that was appealable that had occurred at this stage.

Mayor Koelsch said he was somewhat confused and asked if this is ahead of being heard because there is no action that has occurred. Ms. Mead said that in the end, it depends on what occurs. At this point, there has not yet been any final decision of the Airport Board that is appealable in nature. There was a recommendation to move forward with a project. She said that if there is funding associated with that project, that funding packet will back to the Assembly for a decision and that is a legislative act that is not appealable. At this stage, she does not see anything in the Notice of Appeal that would present an appealable decision that the Assembly would review under the standard of review that is encompassed in the appeal code.

MOTION by Mr. Jones that in light of the Attorney's opinion and, to some extent, his own reading, that the Assembly not accept the appeal based on the grounds by the Attorney that there are no actions of the Airport Board that are at this point appealable.

Mr. Nankervis asked the Attorney for clarification as to whether there would be anything that the Airport Board can do that would be appealable. Since she had mentioned that anything related to finance would be a legislative matter that would not be subject to appeal, what, if anything, would be subject to appeal.

Ms. Mead asked if he was asking about anything related to this project or in general. Mr. Nankervis answered yes to both. Ms. Mead explained that in general, the Airport Board does make decisions for example with respect to property that it manages such as someone's hangar leases, where someone's rights are affected by an Airport Board decision and something of that nature would be appealable. She said that in this instance, it appears to be a disagreement on a policy decision and whether or not it was a wise decision and that is not something that is appealable in nature.

Mr. Kiehl said that 10 of the 16 items on this Notice of Appeal are on his list of topics for the next joint meeting with the Airport Board but he is in agreement with Mr. Jones as he is not finding something under the appeal code that they can take up in the quasi-judicial sense.

Hearing no objection, the motion to NOT accept this appeal passed by unanimous consent.
